

# Mobile Eye Care Clinics Fleet

VSP Vision™ Eyes of Hope® maintains a fleet of mobile eye care clinics to provide free vision care for communities in need with the support of local VSP® network doctors who volunteer onboard.

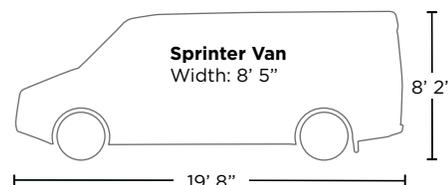

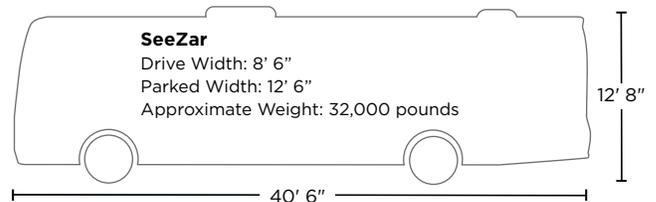

Learn more at [partners.vspeyesofhope.com](https://partners.vspeyesofhope.com)

Three mobile clinics include the following features:

- Table and chairs for patient registration off the clinic
- Equipment for eye exam pre-testing
- One eye exam room plus one portable eye exam lane
- Eyewear dispensary where patients can select and try on popular frame brands
- Finishing lab to make glasses on-site or order them from a VSPOne® optical laboratory

Additionally, one van is available to transport all the equipment and supplies needed to support an outreach event and manage patient flow, conduct eye exams, allow patients to select their eyewear frame, and send eyewear orders to a VSPOne optical laboratory.
